BRITISH CANNABIS™

UK's Largest Manufacturer of Legal CBD Supplements

As confirmed by the number of products permitted for sale and listed on the government's regulated product list, BRITISH CANNABIS™, the UK cannabis product specialist, now manufactures 9% of all CBD food supplements legal to sell in the UK, following successful inclusion on the Food Standard Agency's Novel Foods public list.

Fully Compliant

For years, the BRITISH CANNABIS™ group has been instrumental in influencing the regulatory direction of key legislation by actively getting involved with the EU Commission, member states, and supporting trade bodies securing the position of our business and that of the wider industry.

All of our products are covered by exclusive safety dossiers which were written in-house by our expert compliance team. This undertaking is a testament to our knowledge, understanding, and confidence in the safety of our products.

Why **BRITISH CANNABIS™**?

Exclusive safety dossiers accepted by the Food Standards Agency UK (FSA)

Benefit from protection of our Direct Primary Authority Partnership with Trading Standards

Unique selling points:

- 100% all natural cannabis
- Range of applications to suit varying customer needs
- Premium packaging using specialist printing techniques

CANNABIS OIL

refined

These refined CBD oils are made with 100% *Cannabis sativa L.* Created to meet the exact standards required by the pharmacy market. Winning awards such as the *Pharmacy Product of the Year 2020* and a *MVP Award* judged by pharmacists.

CBD by BRITISH CANNABIS™

CANNABIS OIL

RAW

Our RAW oil encompasses even more naturally occurring cannabis compounds. Darker in colour, with a rich cannabis flavour profile. This is a true cannabis product that still meets the exacting standards required by pharmacists for the retail sale of CBD.

“

CBD by BRITISH CANNABIS™ really works, I have tried multiple CBD brands over the years but this CBD is simply the best.

Bailey

“

Excellent quality CBD oil I've tried many brands but CBD by BRITISH CANNABIS™ seems to give the result in terms of strength, effectiveness & taste.

Terpenes

Our oral capsules are rich in natural cannabis phytochemicals and terpenes such as Limonene, Pinene, and Linalool.

Dosing

Every body is different and that's why we offer two strengths of oral CBD capsules. Catering for those just beginning their CBD journey and for more experienced users.

Cannabis Plant

We use specifically bred *Cannabis sativa* L. plants containing high levels of CBD, flavonoids and other beneficial cannabis compounds.

Slow Release

Swallow one to two capsules a day to benefit from its slow delivery of CBD into the bloodstream.

cannabis oral **CAPSULES**

Slow-release oral CBD

If you're looking for a simple, flavourless method of dosing CBD, look no further. These oral capsules deliver a slower release of CBD via your digestive system. No fillers or synthetic compounds. These oral capsules are 100% natural cannabis.
