## CANNABIS OIL

# refined

These refined oils are made with 100% *Cannabis sativa* L. Created to meet the exact standards required by the pharmacy market. Winning awards such as the *Pharmacy Product of the Year 2020* and a *MVP Award* judged by pharmacists.

Powered By BRITISH CANNABIS™

# CANNABIS OIL RAW

Our RAW oil encompasses even more naturally occurring cannabis compounds. Darker in colour, with a rich cannabis flavour profile. This is a true cannabis product that still meets the exacting standards required by pharmacists for the retail sale of CBD.

“

**Canabidol CBD really works**, I have tried multiple CBD brands over the years but Canabidol is simply the best.

Bailey

”

“

**Excellent quality CBD oil**, I've tried many brands but Canabidol seems to give the result in terms of strength, effectiveness & taste.

Mr B

”

### All natural ingredients

An infusion of body-heat-activated CBD with cannabis terpenes and essential oils.

### Vegan Certified

Kind and mild to skin, suitable for vegans.

### 24 Hour

## Topical CBD

### On-The-Go

An easy and discreet method for daily CBD application.

### Clinically proven

THC-free, hypoallergenic, dermatologist approved and clinically proven to be safe on skin.

### Accurate dosing

Apply 50mg of CBD directly to any part of the body; our patches' essential aromas can last for up to 24 hours.

## dermal patches

Our patches are infused with THC-free Cannabidiol (CBD) - a natural compound found in the *Cannabis sativa* L. plant.

Our CBD Dermal Patch can be applied to any part of your body for a targeted application of CBD.

# CBD RESCUE CREAM®

Restore, repair and soothe your skin with our award-winning, best in class, clinically proven cream that delivers a targeted, topical dose of CBD.

Clinically  
Proven

Powered By BRITISH CANNABIS™

Clinically proven  
to repair, restore  
& soothe your skin.

### Terpenes

Our oral capsules are rich in natural cannabis phytocannabinoids and terpenes such as Limonene, Pinene, and Linalool.

### Dosing

Every body is different, that's why we offer two strengths of oral CBD capsules. Catering for those just beginning their CBD journey and for more experienced users.

### Cannabis Plant

We use specifically bred *Cannabis sativa* L. plants containing high levels of CBD, flavonoids and other beneficial cannabis compounds.

### Slow Release

Swallow one to two capsules a day to benefit from it's slow delivery of CBD into the bloodstream.

## cannabis oral CAPSULES

### Slow-release Oral CBD

If you're looking for a simple, flavourless method of dosing CBD look no further. These oral capsules deliver a slower release of CBD via your digestive system. No fillers or synthetic compounds. These oral capsules are 100% natural cannabis.
